inspired southern cuisine

Tucked into a Victorian-era building in historic downtown Staunton, Virginia, Zynodoa offers inspired southern cuisine. The menu changes daily based on what is locally and seasonally available and the imagination of the chef. Produce and livestock is primarily sourced from the Shenandoah Valley and Piedmont regions of Virginia.

## DESIGN

Zynodoa's award-winning turn-of-the-century storefront houses an interior that is refreshingly sleek and modern. The deep footprint of the building provides space to juxtapose period character-defining elements (such as heart of pine flooring and tin ceiling) with a minimalist, industrial-chic aesthetic. Elements such as brick, metal, concrete, and reclaimed wood are all on display as part of the restaurant's clean design sensibility. During the design process, the restaurant owners tapped into the local artisan community – glass blowers, wood workers, and metal fabricators – to create a one of a kind dining venue. Artwork from noted regional artists is on display.
